MISSION STATEMENT

It is the mission of the Chamberlain School District 7-1 to provide its students with well-rounded opportunities designed to offer a quality education and to ensure that every child has experiences that promote growth and meet their individual needs. Through mutual respect throughout the total school community our children will grow and learn in a safe and secure environment where faculty, staff, parents, and students together are enthusiastic about the teaching/learning process. The over all program is designed to stimulate intellectual curiosity, require students to demonstrate that they learned how to learn and enable them to become productive and effective citizens in the real world.
